Housing Security

The Facts:
What We Know

- Prior to COVID-19, 10% to 15% of households reported being housing insecure. Particularly at high risk for eviction are Hispanic/Latinx populations who reported being almost two times as likely as whites of being evicted in the past three months.

- Between 22% and 57% of children are homeless due to domestic violence.

- Between 20% and 40% of homeless youth identify as LGBTQIA.

- Housing as infrastructure bolsters productivity and economic growth, connects low-income families to communities of opportunity, and promotes economic mobility.

Rebound:
Interim Support

- **Support meeting facilitation between the Duwamish community and the South Park Housing Authority:** To prevent displacements and secure financial and emotional investments in the community.
  Organization: Duwamish River Cleanup Coalition

- **Stipends provision to homeless and formerly homeless fellowship participants for one year**: To feed neighbors, run an outdoor closet, and connect the community to vulnerable residents in Baltimore.
  Organization: North Avenue Mission

- **Permanent housing for homeless transgender people of color in New York City**: Includes comprehensive case management and access to multi-pronged resources.
  Organization: Princess Janae Place

Reimagine & Restructure:
Systems Change and Root Cause Remediation

- **Tenants rights advocacy at state and federal levels:** Focuses on developing statewide renters organizations.
  Organization: Arkansas Community Organizations

- **Organize and build leadership and autonomy within communities that are prone to displacement**: To address issues — location, shifting demographics, and gentrification pressures — before applications to rezone or plans to redevelop mobile home properties arise.
  Organization: 9 to 5 Colorado

- **Assist unhoused people in avoiding criminalization**: To facilitate access to courts, political leaders, and Human Rights Monitors.
  Organization: Meiklejohn Civil Liberties Institute
